

Puppy Contract

I, _____, understand the puppy I am purchasing through Ramblin' Gypsy Ranch LLC does not come with any guarantees of any kind. Which includes, but not limited to: orthopedics, ophthalmic, cardio, epilepsy, thyroid, masses/cancers of any kind, etc... related to health or any undesirable behavioral related traits, nor color expectations. Once my new puppy leaves the premises of Ramblin' Gypsy Ranch LLC, I can no longer hold Ramblin' Gypsy Ranch LLC or any of its associates/workers/owner liable for anything that happens (present/future or past) with my puppy. I also understand that I am taking FULL responsibility for this puppy's health and well-being as well as I am responsible for completing the vaccination series that my breeder, Ramblin' Gypsy Ranch LLC has started, as well as other vaccinations that are needed. I will be working closely with a qualified board-certified veterinarian (annually) throughout my puppy's entire life. I understand that keeping my puppy up to date on Rabies vaccination is required for the life time of my new puppy, not just by my breeder but by law as well. I understand my breeder, Ramblin' Gypsy Ranch LLC also requires DHPP and leptospirosis be kept current for the entirety of my puppy's life. I recognize my breeder also strongly recommends other vaccinations depending the lifestyle I plan to live with my pet, such as Lyme. I take full responsibility to keep my puppy parasite free through routine deworming and use of preventative care products (heartworm/flea and tick) year. I understand my breeder, Ramblin' Gypsy Ranch LLC, highly recommends spaying/neutering for the best interest of my puppy's health and behavioral outcome.

I was explained how spaying/neutering can prevent sexual organ related cancers, pyometra, prostate enlargement, etc.... as well as behavior related factors with intact animals. I am also aware, even though I am paying for full registration, which allows breeding rights, under this contract, any and all breeding in which this puppy is involved in, will only be to another purebred AKC registered Golden Retriever. Any puppy produced that is a result of a mix breeding or outside the AKC registry (proven lineage of being purebred golden retriever) will result in an additional fee of \$750 per puppy. If I do spay/neuter my puppy prior to 1 year of age and can provide proof of the procedure, through records or receipt from a legitimate veterinarian and provide record which includes name (of owner and pet), date, birthdate, microchip number and breed on the record, within one month of the procedure completion, I can be reimbursed up to the amount of \$_____. If for whatever reason I have to, or choose to surrender or give up my puppy I am under full understanding there will be no refund of any kind during or after the surrender process; and fully understand that any transfer of ownership, for whatever reason, my intentions will be discuss with Ramblin' Gypsy Ranch (breeder) who has the option of reclaiming my dog first. If I transfer ownership without knowledge being made of new ownership with Ramblin' Gypsy Ranch additional fees may apply, at my breeder's discretion.
